

Wholesale Voice Solutions

VOXOX BY TELCENTRIS  YOUR BUSINESS. UNIFIED.™

We offer a comprehensive array of wholesale voice and SMS solutions. Telcentris' wholesale voice solutions include IP termination and origination with offerings such as DIDs, toll free numbers, phone number porting, E911 and E411.

The VoIP Phenomenon

In a recent survey, analyst firm Frost & Sullivan forecasts that VoIP services revenue is estimated to reach 3.9 billion in 2016; and according to a recent Yankee Group survey, 80 percent of telecom wholesalers expect near-term revenue growth.

Telcentris is well positioned to help address the growing needs in this market due to our unique combination of a fully redundant, carrier-grade network in the cloud, CLEC operations and award-winning service delivery platform — all under one roof.

In addition, Telcentris' SMS solutions introduce one of the first end-to-end wholesale offerings designed to address the needs of businesses looking to SMS-enable their products, services and customer communications, another growing market.

Carrier Services from Telcentris

Our robust network infrastructure as well as long-standing partnerships with leading carriers worldwide enables us to provide superior quality of service, reliability and highly competitive rates.

The Telcentris carrier services portfolio includes the following wholesale offerings:

Termination Services – worldwide termination available through a host of Tier 1 and LCR based carriers with two offerings:

- **Platinum termination** – traverses only Telcentris' Tier 1 providers
- **Gold termination** – routes across Telcentris' Tier 1 and LCR based providers

Origination and DID Services – hosted through Tier 1 partners providing Telcentris with one of the most reliable and extensive footprints in the industry. Origination services also include:

- DIDs (DDIs) are offered in excess of 7,000 USA / Canada Rate Centers and over 40 countries worldwide.
- Local Number Porting (LNP) – providing the ability to transfer phone services from the existing service provider to Telcentris in the U.S. and Canada.
- Enhanced 911 (E911) – FCC approved emergency service for VoIP providers.
- Enhanced 411 (E411) – Nationwide directory assistance.

Toll Free Origination Services – toll free phone numbers with the ability to restrict or allow access anywhere in the U.S. and Canada. Telcentris also provides toll free number porting services (RESPORGs), enabling transfers from the existing provider of toll free services to Telcentris.

SMS Solutions – One-way SMS notifications worldwide and two-way with SMS-enabled DIDs (long codes) in the U.S. and Canada. SMS services are delivered through Telcentris' Web-service API. Minimum monthly usage is 10,000 texts.
